

On Tuesday, March 16, 2010 at 2:00 p.m. in room 2154 of the Rayburn House Office Building the Subcommittee on Federal Workforce, Postal Service and the District of Columbia will hold a hearing to examine federal employee workplace safety and security.

In the wake of recent attacks on the Internal Revenue Service building in Austin, Texas and the January shooting in the lobby of the Las Vegas federal courthouse a pressing need exists to evaluate federal and postal office security standards and protocols.

The upcoming hearing will evaluate the status of and responsibility for agency and postal building security assessments, as well as the level of physical and perimeter security. Further, the hearing will focus on how threat communication is disseminated across offices and will assess the level of coordination between federal and local law enforcement. SS
